train the Steering Group on how to edit and update the website ourselves; the SG chose 3<sup>rd</sup> Feb at 6pm as the most suitable date. See actions below.

### Draft presentation to FTC

PV's draft presentation was discussed. The meeting was happy with the content, and suggested the power point slides should contain only bullet points. CA agreed to proof read and re jig the presentation.

### Public event 11<sup>th</sup> February 2017

PV, GH ,CA, LJ said they would be available all day for the event; MW and AV could make part of the day. GH suggested if the hall is free on Friday 10<sup>th</sup> February we should book it to set up and make sure we know how to work everything, the meeting agreed.

A discussion followed on what displays and activities should take place, several items were agreed:

A timetable / running order should be drawn up

All attendees should be recorded and asked for their contact details

The Vision & Aims should be displayed

Enlarged copies of the Eddisbury Sq photos should be used to grab attention

An area with seating should be arranged for presentations

Hard copies of Helsby's Plan and possibly other NPs should be available, also documents like the Local Plan and Town Design Statement

Suggested themes for display boards were

This is what you told us

This is what we've done

What is a NP

Evidence we are missing

Where now / What next?

Discussion also took place on having paper copies of the short survey available, and directing people to the website. Overall the consensus was to inform the community, answer their questions and keep it simple.

GH to work on the layout & content of displays for the next meeting.
