Call for Sites results

To date there have been two responses to the Call for Sites. Two further enquiries have come in via email. The meeting agreed that any additional responses arising from the emails should be encouraged. It was also noted that a further call for sites could be undertaken at a future date if necessary.

Additional Sites for Assessment:

A lengthy discussion ensued about which additional potential development sites should be put forward for independent assessment by the AECOM consultant. It was agreed that, with the exception of the responses to the call for sites, that the consultants broadest opinion should be sought on the rest of the sites, to maximise the development suggestions for each site.

The following sites were agreed:

Brook Works

Weaver Industrial Park plus land down to the Weaver navigation

Ship Street play area

Land adjacent to Health Centre

Riverside area from the swing bridge

Land to the north of Ellis Lane

Land between Wayford Close and the bridge onto the marshes

Land at the bottom of Greenfield Lane

Marsh Green

Eddisbury Square.

GH to contact the consultant and find out how to proceed.

Data Protection:

MM reminded the group that legislation had changed re data protection (GDPR) and we hold data in the form of email addresses. He offered a draft statement for inclusion on the website, which was agreed. GH & MM to meet to agree how to keep the data in a secure way.

Further consultation:

PV offered to attend and run a short questionnaire with employers attending the Big Bees Breakfast.
