Paul and Denise were welcomed to the meeting.

The minutes of the last meeting were accepted. Actions 1, 2, 3 & 4 were complete, action 5 is ongoing.

March Twitter Schedule

MM offered the schedule for March which was discussed. Suggestions included information on Weaver Words and ideas arising from the consultation with the Scouts. MS raised a concern that the tweets were not overtly related to the Plan, but were more general about what was happening in Frodsham, and this could be confusing. The discussion generated concluded that tweets were a good means of raising awareness and gathered information on how people respond to Frodsham's issues. It was agreed to continue daily tweets.

Consultation with Youth Groups:

PV & MM had visited 4th Frodsham Scouts on 16/2/18, a group of 18 made up of 5 females and 13 males aged between 10 and 14 years old. The feedback from the Scout group was discussed and relevant points for consideration in policies were noted. Further consultations are planned with the Guides, Sea Scouts and Scout Explorers. All the feedback from the groups will be collated in due course.

Grants:

GH had applied for Technical Support from AECOM via Locality to have site assessments undertaken. The initial application had been accepted, but is subject to further checks. The first stage is a phone conference on Friday 23rd February at 10am with Mary Kucharska from AECOM. GH offered to send some briefing notes, but this was declined. People available to join the phone conference are: PV, GH, CA, SC. It will take place in the office at the Arts Centre.

Drafting Policies

It was agreed that two people would work on draft policies and report back at 9th April meeting. Each policy area was distributed as follows:

Transport & Access – MW

Housing & Built Environment – GH & MS

Economic Development – PV & SC

Health & Wellbeing - MM & CA

Each pairing should draft the policy based on MW's original framework, and should include:

- The policy's intention (the aim of the policy)
- The scope of the policy (what it will cover)
- Policy detail
- Any evidence relevant (data, reports, consultations etc.)

It was noted that these were not exclusive, everyone could offer help & support for any area. Liam Jones & Caroline Dillon were to be asked if they had any preference for working on a particular policy.

Future Meetings:

It was agreed to alternate between a daytime and evening meeting, schedule below.

AOB:

GH will circulate a link on support for low carbon NP's, which the group may be interested in.

PV has offered to deliver a presentation on the NP so far at the Town Meeting on 23/3/18
