The minutes of the last meeting were accepted, all actions complete.

Masterplanning Report

Wei Deng and Bram Parabowo from AECOM attended the meeting to discuss the groups feedback on the Masterplanning report, which took most of the meeting. A revised draft of the Masterplanning report will be emailed to the group for final agreement. A precis of the community's views on two of the sites will be sent to Wei to inform the report.

Funding has now been received for a Design Codes report to be completed by AECOM. The content, outcomes and timescales of the Design Codes report were discussed. The report will build on and update the Frodsham Town Design Statement and provide more detailed information on the design standards for development in all areas of Frodsham. The estimated timescale for this work is four months.

Draft Plan Progress

The sub editing group, and others, continue to work hard on editing the draft Plan and collate evidence. Samples of graphic illustrations were agreed to be very informative and useful.

Funding / Budget

Members of the group attended the FTC meeting on Monday 28th to give an update to councillors on revised timescales and explain how the funding supports the development of the Plan.
